

Dear Mr. Kennington,

Thank you so much for your leadership of Vanguard! I appreciate the diligence and friendliness you display at school. These past few years have been rough in many ways, but I'm sure it's been much harder on the leaders of this amazing school. Thank you for what you do and your leadership in making sure Vanguard is a smooth-running ship. It may not be appreciated as much as it should be, or draw the recognition you deserve, but please know that without your leadership and example Vanguard would not be the school it is today! Thank you for always believing in me, it truly made a difference! Thank you for always being willing to interact with us on campus as well. I will always remember throwing a football with you at lunch ☺ Have a great break and a very merry Christmas!

Sincerely,

Chris Nethken
